HAND BOOK FOR BDS STUDENTS

for

“ETHICS”

BASED ON BDS COURSE REGULATIONS-2007

In accordance with the DCI revised BDS course regulations 2007

(Subject to modification from time to time)

ETHICS (20 hrs. of instruction)**INTRODUCTION:**

There is a definite shift now from the traditional patient and doctor relationship and delivery of dental care. With the advances in science and technology and the increasing needs of the patient, their families and community, there is a concern for the health of the community as a whole. There is shift to greater accountability to the society. Dental specialists like the other health professionals are confronted with many ethical problems. It is therefore absolutely necessary for each and every one in the health care delivery to prepare them to deal with these problems. To accomplish this and develop human values Council desires that all the trainees undergo ethical sensitization by lectures or discussion on ethical issues, discussion of cases with an important ethical component.

COURSE CONTENT:**Introduction to ethics:**

- i. What is ethics
- ii. What are values and norms
- iii. How to form a value system in one's personal and professional life?
- iv. Hippocratic Oath.
